

**It's
real
simple...**

**Call CSEPP
to find out
how to get
ready!**

Do my parents know what to do if something happens at the Umatilla Chemical Depot? They told us at school it's real simple—it depends on where you are. Shelter-in-place, or evacuate. I know what to do because we practice at school. I'm going to help our family be ready, too!

In Oregon, it's 800-307-7708.

And in Washington call 800-841-7953.

Or go to www.csepp.net.
