

**NOW WE'RE
ALL READY,
GIRL!**

ARE YOU ROAD READY?

Emergency Car Kit BASICS

Just like you need a 72-hour emergency kit for your home, you need an emergency kit for your car. It should have many of the same items as your home kit, plus things like tire chains, blankets and candles in case of bad weather. For more about what to add to your car kit, go to www.redcross.org/prepare.

For more on preparing emergency kits for your home or car, contact CSEPP.
