2010 CSEPP CALENDAR HAS ARRIVED

Extra Copies Available

Pendleton, Ore.— Homes and businesses in communities closest to the Umatilla Chemical Depot should have now received their *2010 Emergency Preparedness Calendar*. More than 17,000 copies of the popular calendar were mailed to west Umatilla and north Morrow County residents during the week of December 14th. The calendar is produced and distributed annually by the Chemical Stockpile Emergency Preparedness Program (CSEPP).

Anyone who hasn't yet received a calendar or who would like additional copies can pick one up at their local city hall or the Umatilla Chemical Disposal Outreach Office located on 190 E. Main Street, Hermiston.

The calendars contain information such as how to "Shelter In Place" and how to be prepared for winter weather, wildfires, other hazards, including an emergency at the Umatilla Chemical Depot. The calendar also includes where new residents can get their free Tone Alert Radio or shelter in place kit. The information is printed in both English and Spanish. They also list the dates of many of the area's annual community events.

For more information contact Jodi Florence, Umatilla County CSEPP at (541) 966-3703 or Maureen Roxbury, Morrow County CSEPP at (541) 922-5262.
